Report of Independent Auditors

To the Audit Committee
Episcopal Communities & Services for Seniors

Report on the Financial Statements

We have audited the accompanying financial statements of Episcopal Communities & Services for Seniors (the "Organization"), which comprise the continuing care liquid reserve schedules, Form 5–1 through Form 5–5, as of and for the year ended June 30, 2021.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the liquid reserve requirements of California Health and Safety Code Section 1792. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the continuing care reserves of Episcopal Communities & Services for Seniors as of and for the year ended June 30, 2021, in conformity with the liquid reserve requirements of California Health and Safety Code Section 1792.

Basis of Accounting

We draw attention to the basis of accounting used to prepare the financial statements. The financial statements are prepared by Episcopal Communities & Services for Seniors on the basis of the liquid reserve requirements of California Health and Safety Code Section 1792, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of California Health and Safety Code Section 1792. Our opinion is not modified with respect to this matter.

Other Matter

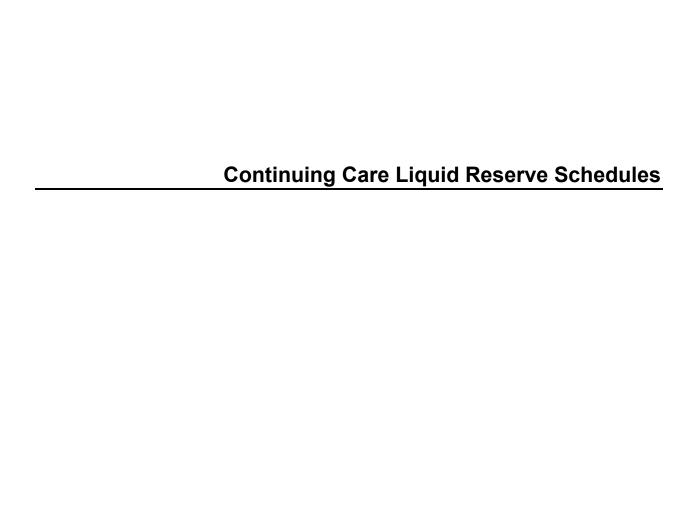

Our audit was conducted for the purpose of forming an opinion on the financial statements, as a whole. The accompanying Supplementary Schedules to Forms 5–1, 5–4, and 5–5 on pages 10 to 16, presented as supplementary schedules, are presented for the purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements, taken as a whole.

Restriction on Use

Our report is intended solely for the information and use of the Audit Committee and management of Episcopal Communities & Services for Seniors and the California Department of Social Services and is not intended to be, and should not be, used by anyone other than these specified parties.

All providers are required by Health and Safety Code section 1789.1 to provide this report to prospective residents before executing a deposit agreement or continuing care contract, or receiving any payment. Many communities are part of multi-facility operations which may influence financial reporting. Consumers are encouraged to ask questions of the continuing care retirement community that they are considering and to seek advice from professional advisors.

Labor Costs are 61% of budget and are comprised of an addition of 1.34 FTEs based on occupancy projections, minimum wage increases (with related wage compression adjustments), and increases in employee benefit costs.

Increases in non-labor costs are determined primarily by information received directly from vendors/contractors.

MCFI is the same for all levels of care.

Budget projections must comply with bond covenants (combined with The Covington) as measured by financial ratios.

Postive results of operations are used for capital improvements and campus master planning projects.
